### TELEGRAPH NOTES.

AUGUSTA, Me., Sept. 10. -It has been a good day for Republicans, and a correspondingly bad one for Democrats, but the result was not altogether unforscen. To rain and general apathy is due the light vote, and though the Democrats admit defeat they do not show a symptom of discouragement. The Prohibitionists and Populists are not largely in evidence, so far as returns indicate. A heavy rain put a quietus upon the telegraph and telephone wires early in the evening, but returns have been received from over 100 cities and towns, and these indicate that the state has re-elected Governor Cleaves (Republican), over Charles J. Johnson (Democrat), by a plurality which will exceed 47,000, the largest in the history of the party. The Republicans have carried every county in the state, and at 11 o'clock it is estimated that the legislature will have a working Republican majority of 125, which insures the re-election of Senator William P. Frye.

Thomas B. Reed has been re-elected to Congress by a plurality estimated at 10,000. Nelson Dingley, Seth H. Milligan and H. Boutelle are also re-elected to Congress by majorities ranging from 6,000 to 9,000. The total vote will probably exceed 10,000.

RUTLAND, Vt., Sept. 10.—Returns from all towns in the state show the Republican majority to be 27,310 and the plurality 28, 365. The following is the analysis: Republican vote 1894, 42,736; 1890, 33,462. Democratic vote, 1894, 14,380; 1890, 19,311. Republican gain, 9,274; Democratic loss, 4,-

The Senate is a Republican unit and the House stands as follows: Republicans, 233; Democrats, 9; Populists, 3. Three towns

WASHINGTON, Sept. 10,-No information has reached the Government officials here regarding the reported massacre of a surveying party in the vicinity of El Paso. Two parties of the geological survey have been working in Texas, moving toward Fort Davis, but not due to reach there for a month. Topographer Charles Urquhart and assistant Topographer Green formed one party, Topographer C. C. Bassett the other. Each was accompanied by a teamster and a cook. It is also probable that Geologist R. D. Hill and Assistant Geologist T. W. Vaughn have been working in the vicinity of El Paso. They expect to go to Mafia, on the Southern Pacific, this week, and then to

LOFTKE, Pa., Sept. 5 .- One of the most complete cave-ins ever known in this region occurred to-night, the little mining town of Scotch Valley being completely swallowed up. The scene of the disaster is on the slope of Mount Lookout, the score of houses comprising the hamlet being at the mouth of the shaft of the Mount Lookout colliery. The inhabitants of the hamlet were startled by rumbling reports and the ground trembled and swayed like an earthquake beneath them and the village sank out of sight. All the persons who could be found had been taken from the ruins at nine o'clock to-night although a full roll of those to be ited for cannot be prepared until morning.

POKEGAMA, Minn., Sept. 7.—The bodies of twenty-th: se Chippewa Indians lie upon the baked sands between here and Opstead. The news was brought by a courier. Chief waucouta, "big chief" of the party, perished with his followers.

Sr. Louis, Sept. 7 .- Eugene Dickson swallowed a green fly Tuesday and died yesterday. He was langhing heartily at some incident when he swallowed the fly. About an hour afterward he became ill and died in terrible agony.

Platform. Your Committee on Resolutions and Platform, having attended to the duty assigned them, beg leave to make the following report:

WHERMERS: It has been demonstrated by the history of the past two years—pregnant with bonds and bankruptcy at home, corruption and cowardice in foreign relations, disaster and death, starvation, strikes and general stagnation of all business enterprise,—that the People's Party was formed none too soon to avort the complete destruction of our form of government and the liberties of our people. Therefore be it

DEOPLE'S PARTY PLATFORM.

Adopted at the National Convention July 4, 1882.

We declare—1. That the union of the labor forces of the United States, this day consummated, shall be permanent and perpetual. May its spirit enter into all hearts for the salvation of the republic and the unifiting of mankind.

2. Wealth belongs to him who creates it, and every dollar taken from industry without an equivalent is robbery. "If any will not work, noither shall he eat." The interests of rural and civic labor are the same; their interests are identical.

4. We demand a mational currency, safe, sound, and flexible, issued by the general government only, a full legal tender for all debts, public and private, and that without the use of banking corporations, a just, equitable and efficient means of distribution direct to the people, at a tax not exceeding two per centum per annum, be provided, as set forth in the sub-treasury plan of the Farmers Alliance, or some better system; also by payments in discharge of its obligations for public improvements.

7. We demand a graduated income tax.

8. We believ, that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all state and national revenue shall be limited to the increasing expenses of the government, economi-cally and honestly administered.

All lands now held by railroads and other corporations, in excess of their actual needs and all lands now owned by aliens should be reclaimed by the government and held for actual settlers only.

And Whereas: It is apparent that there is a collusion between the leaders of the so called Republican and Democratic parties, is order to luil the people into fancied security to change administrations, in name only, that they may the better serve their foreign masters, as has been the case for the last twenty-five years, and
